AB/C Chairman Mcxie Hurst

**Angelina Beautiful/Clean is Proud to Announce
 Mcxie Hurst as New Chairman of the Board for AB/C**

Mcxie Hurst is the Marketing Director for Huntington State Bank. She attended Texas A & M University - Commerce for three years and transferred to Stephen F. Austin State University her senior year where she graduated cum laude with a bachelor's degree in business administration marketing in December 2005. Mcxie is a recent graduate of Leadership Lufkin and plays an active role in the Lufkin/Angelina County Chamber of Commerce as chairman of Power Networking Breakfast and a chamber Diplomat.

Mcxie recently found a quote by an anonymous author that will be her theme as AB/C chairman, "Every day is Earth Day."

Retiring Chairman of AB/C Receives Recognition for Her Service

Valena Spradley, with Commercial Bank of Texas, started her tenure with Angelina Beautiful/Clean during the 2004/2005 year. She quickly became one of the driving forces behind the success of Angelina Beautiful/Clean and all the programs run by AB/C.

During the 2005/2006 year she became Chairman of the Board. Since becoming Chairman, AB/C and AB/C affiliates have won 13 different awards including the Governor's Community Achievement Award, the President's Circle Award, and other various honors from Keep America Beautiful and Keep Texas Beautiful.

The Governor's Community Achievement Award has lead to the remodeling of the Frank Avenue Underpass. These accomplishments mean a great deal to the community and show her true commitment to our local environment. We thank Valena Spradley for her service to this organization and thank her for her continued support.

AB/C Executive Director Tony Moline and Chairman Mcxie Hurst presents outgoing Chairman Valena Spradley with a Service Award.

A Message from The Lufkin Daily News

Cox Enterprises was founded in 1898 by former schoolteacher and reporter James M. Cox, whose ambition was to own a newspaper. Since that initial investment, privately held Cox Enterprises, Inc., has become one of the nation's largest media companies that includes The Lufkin Daily News. Each operation company is a unique enterprise, but together we are one solid corporation.

The Lufkin Daily News is making several moves to go green, beginning with the launch of Cox Conserves. The goal is simple: reduce our annual company-wide carbon footprint, or greenhouse gas emissions, by 20 percent over the next 10 years.

One way we are connecting with the community to spread the word on conservation, is our Living Green web site. (www.lufkindailynews.com/green) Here you can find out how you can conserve more, pollute less and leave smaller eco-footprint. We want to introduce you to the Greenes. You can take a tour of the Greenes' eco-friendly home where you'll find easy ways to green-up your lifestyle in every room. Plus, check the air quality and UV index every day; search an extensive tip database; find addresses for local recycling centers; see where presidential candidates stand on environmental issues and more!

State Expert Teaches Environmental Law Enforcement in Lufkin

Angelina Beautiful/Clean hosted an Environmental Law Enforcement Training at Lufkin's Red Barn facility. Dr. John Ockels from the Texas Illegal Dumping Resource Center taught the class to law enforcement and code enforcement personnel from around East Texas.

Angelina Beautiful/Clean Executive Director Tony Moline said, "The training was a huge success. This is the response we were hoping for. Illegal dumping is a problem in every county in the state of Texas and through these trainings law enforcement officers and code enforcement officers learn what to look for and how to deal with these problems".

Officers from the City of Lufkin, City of Nacogdoches, Angelina County, Jasper, and San Augustine came for this training. Some of the topics covered include where to find the specific codes and laws, outdoor burning, criminal dumping, and some common issues with these topics.

Dr. John Ockels from the Texas Illegal Dumping Resource Center teaches law enforcement officers from around the region about Environmental Law Enforcement

Angelina Beautiful/Clean Receives President's Circle Recognition For Five Years in a Row

Angelina Beautiful/Clean received the President's Circle Recognition from Keep America Beautiful for the 5th year in a row. This award is given to Keep America Beautiful Affiliates that meet certain requirements throughout the year including training, advisory council memberships, and board memberships.

"This recognition is something Angelina Beautiful/Clean is very proud of," said Tony Moline, Director of Angelina Beautiful/Clean. "There are many affiliates within Keep America Beautiful that do not receive this recognition. An organization must work and prove itself worthy of receiving this recognition."

The recipients of the President's Circle Recognition were honored at the Keep America Beautiful National Conference in December 2007. For more information about this award or any program of Angelina Beautiful/Clean's, please visit the website at www.angelinabeautifulclean.org.
